

Top-down Terrorism

(911 was an elaborate inside job)

a viral pamphlet for people to share to everyone on the internet

There has been a world government planned, generationally, for many decades. It is above the United States, and above the United Nations. The UN is the eggshell of the near future world government system to emerge from. The people involved in the world government project are most associated with semi-secretive societies, namely Freemasonry. You might already be familiar with freemasonry, as there are millions in its roster. It has 33 degrees of power. The pyramid symbol on the back of the US dollar has 33 steps. The conspiracy for world government is above the Federal Reserve bank. The only thing that is above the world's current system are generational international banking families and other robber barons, with such surnames as Rockefeller and Rothschild (also known as the House of Rorthchild).

We only need to look into one family, The House of Rothschild, to see the secretive intrigue that has controlled world history for hundreds of years; that the claims above are factually true and correct. The most disturbing set of facts is that the richest segment of our world's population, self-named as the Illuminati class, is that they have used terror events, such as 9-11, upon the populations for more control and to advance their war agenda for a neo-fascist one world government. They use brutal murder to start wars. 9-11 was the 2nd "Pearl Harbor".

How could this be happening? Yes God is surely aware of all of it. Apparently it is up to us, We The People, to put an end to the world government conspiracy, somehow within the billions of us. How come this isn't on the nightly news? The mega-rich have long since bought up the American news media, print, radio, and cable tv since the turn of the 19th century.

Why are you reading this? Because it would take billions of conspiracy-aware people to turn the tide away from the plans of the Illuminati quest for world government; a world government that is planning maximum control over you and your family and friends. The worst aspect of their government is that the world population is

roughly reduced by 90%. This is why their agenda must be stopped.

Why doesn't President Trump know about the plan for a 'new world order' and about the Rothschilds for example? He does know. Rich people know other rich people. Even President Trump goes along with the 'official story' such as 9-11.

The three World Trade Center towers were demolished in a computer controlled demolishing. The proof of that is WTC #7, the third building that turned into dust that day. Buildings are not built with demolition charges all over its steel framework; especially new modern skyscrapers. It would take a specialized crew of explosive experts at least a week to rig a large building for controlled demolition. A university professor of chemistry named Steven Jones obtained dust samples from 9-11 in 2006 and concluded from the laboratory analysis that the buildings were demolished using a high heat explosive called **thermite**.

That was a long time ago, right, so what? Well, there are no statute of limitations on murder, especially mass murder. That means we can have our military round up the world's most powerful people today and bring them to trial, and justice if most of people called for it; calling for a new investigation into 9-11 to link all those that were connected to the event. First we need the military to go rouge and be on the side of the people, and not the class of Illuminati, who currently own them through the evil system.

This small pamphlet or ebook is to be as concise as possible. There are several documentary films that visually go into depth about 9-11 and the new-world-order conspiracy (of the rich vs. the poor). There are dozens of books that showcase a great deal of evidence. The best example in book form is authored by researcher and independent journalist Christopher Bollyn. The name of his book is "Solving 9-11". That book has the most names of organizations and people who were conspirators. An excellent free film online is <https://www.ff911truth.org/> Produced by [Firefighters for 9/11 Truth](#), this excellent, comprehensive documentary, includes details on the

destruction of the three World Trade Center buildings on 9/11 that are not well known. Very informative and important, a must see, especially for those who have never realized the deep flaws within the official narrative. Architects and Engineers for 9/11 truth is also a great resource <http://www.ae911truth.org>

To keep this booklet as small and easy to read we will cut this one short at this point. If you understand what really happened on 9-11, you will probably be outraged enough to help make this ebook go viral to most everyone's eyes.

Extension:

The simplest way to view the actions of the Illuminati (the world's wealthiest) is to notice the freemasonic numbering on events of their intrigue as they have scored history with the number 11 and 33 predominately). The end of World War 1 occurred on 11/11/1918 at 11am as declared by Freemasonry, for 3 11's marked into the date and time. This is a conspiracy fact, not a theory, as dates and times are facts. JFK's murder was time to occur on 11/22/1962, for the three 11's or the 33rd degree mark of the Illuminati. 9-11-2001 has a (3x3)-11 in the date, and the first airliner struck was Flight 11. The buildings themselves were a huge 11x10 story number 11.

Freemasonry is also uses the number 13. The UN building in New York is 13x3 stories tall. The runway the Space Shuttle at Cape Canaveral is #33, and the two launchpads are #39a and #39b. This is how freemasonry takes credit and signs buildings, runways, launchpads and terror events (3/11 madrid train bombings, 7/7 london bus bombings.) 3's , 7s, 11s, 13s) are the a base numbers that they use for events. If you research all the large terror events of the past two decades, they all carry this numerical signing. The two Bali Indonesia bombings occurred 3 years 11 days apart from the first bombing to the second. (October 1, 2002 -October 12th, 2005.

Regarding 9-11, there is still a group of bright people still seeking justice for the inside-job that 9-11 was. Here is a flyer for the 2020 911 Truth Film festival:

Only the majority of the population can positively change the course for America, not only for the abolition of World Government Terror – but for less war, less debt, less lies, less propaganda, etc. Therefore it is your responsibility to share this booklet out (before you forget about it) with dozens of your friends, family, and contacts. Make this one little book go viral until most everyone realizes what has really been going on, and it will have a positive impact on our world's future.
